

**Oswayo Valley School District**  
**Return to Play Guidelines for**  
**Summer 2020 preseason activities Effective July 6, 2020**

To conduct games and practices, organizations and teams authorized to conduct in-person activities pursuant to this guidance **must adhere to the following**:

- Coaches must review and consider the CDC guidance to modify preseason activities to mitigate the spread of Covid-19. This includes focusing on individual skill building and conditioning versus competition and limiting contact in close contact sports. Only school board approved coaches and volunteers are permitted to be at preseason summer activities. Parents and spectators will not be permitted in or at the school facilities.
- In the event of an athlete, coach or official showing symptoms of sickness appropriate actions will be taken to notify all potential contacts of the sick individual. All facilities used by that individual will be sanitized and disinfected thoroughly prior to re-opening of those facilities. Coaches encountering sick student athletes are to contact building principal immediately.
- If an athlete is showing symptoms of Covid-19 they are required to stay home.
- Coaching staff and adult personnel will be encouraged to wear face coverings when working with student athletes.
- Coaches and athletes must maintain appropriate social distancing whenever possible, in all athletic facilities.
- Coaches and athletic staff must screen and monitor athletes for symptoms prior to and during games and practices. If individuals participating in sporting activities show symptoms or are sick, they must be sent home.

***Possible screening questions:***

***Have you been sick recently?***

***Have you been around anyone who has tested positive for Covid-19?***

***Has anyone in your family had Covid-19?***

- All athletes, coaches, and officials must bring their own water and drinks to team activities.
- Avoid all physical contact where possible, limit unnecessary physical contact with teammates, other athletes, and coaches.
- Student athletes should come to preseason activities already dressed and prepared for the activity. Locker rooms will not be available, but restrooms will. At the completion of preseason activity all equipment must be disinfected and cleaned before the next scheduled activity.
- Weight room capacity will be limited to 12 persons (athletes, coaches) at one time. Gym capacity will be limited to 25 persons (athletes, coaches) at one time. Outdoor activity spaces will have the 250 person limit while in the green phase.
- Mandatory coaches meeting with administration to review Return to Play guidelines prior to scheduling and conducting any summer preseason activities.
